24-HOUR ACCIDENT-ONLY INSURANCE

Policy NY35B24

Added Protection for You and Your Family

Even if you're well prepared, accidents happen. And they happen to all kinds of people every day. What's even more unexpected are the out-of-pocket expenses associated with them—even if you have major medical insurance.

That's how Aflac can help. Aflac pays cash benefits directly to you (unless otherwise assigned) to help with things like out-of-pocket medical expenses, the rent or mortgage, groceries, or utility bills. Helping you with the medical expenses that major medical doesn't cover—and much more.

The Aflac Accident Indemnity Advantage® insurance policy has:

- No deductibles and no copayments
- No lifetime limit—policy won't terminate based on the number of claims filed or the dollar amount of claims paid
- No network restrictions—you choose your own healthcare provider
- No coordination of benefits—we pay regardless of any other insurance

Understand the difference Aflac can make in your financial security.

Aflac is dedicated to helping provide individuals and families peace of mind and financial security when they've needed it most. Our Accident Indemnity Advantage® insurance policy is just another way to help make sure you're well protected.

Most accidents are unpredictable.

But their impact on your finances doesn't have to be.

So, what would an injury or trip to the emergency room mean to your savings? Out-of-pocket expenses associated with an accident are unexpected and often burdensome; perhaps the accident itself could not have been prevented, but its impact on your finances and your well-being certainly can be reduced.

Aflac enables you to take charge and to help provide for an unpredictable future by paying cash benefits for accidental injuries. Your own peace of mind and the assurance that your family will have help financially are powerful reasons to consider Aflac.

TERMS YOU NEED TO KNOW

ACCIDENTAL-DEATH: Death caused by a covered injury. See the Limitations and Exclusions section for injuries not covered by the policy.

COMMON-CARRIER ACCIDENT: An accident, occurring on or after the effective date of coverage and while coverage is in force, directly involving a common-carrier vehicle in which a covered person is a passenger at the time of the accident. A common-carrier vehicle is limited to only an airplane, train, bus, trolley, or boat that is duly licensed by a proper authority to transport persons for a fee, holds itself out as a public conveyance, and is operating on a posted regularly scheduled basis between predetermined points or cities at the time of the accident. A passenger is a person aboard or riding in a common-carrier vehicle other than (1) a pilot, driver, operator, officer, or member of the crew of such vehicle; (2) a person having any duties aboard such vehicle; or (3) a person giving or receiving any kind of training or instruction. A common-carrier accident does not include any accident directly involving private, on demand, or chartered transportation in which a covered person is a passenger at the time of the accident.

COVERED PERSON: Any person insured under the coverage type you applied for: individual (named insured listed in the Policy Schedule), named insured/spouse only (named insured and spouse), one-parent family (named insured and dependent children), or two-parent family (named insured, spouse, and dependent children). Spouse is defined as the person to whom you are legally married and who is listed on your application. Newborn children are automatically covered under the terms of the policy from the moment of birth. If coverage is for individual or named insured/spouse only and you desire uninterrupted coverage for a newborn child, you must notify Aflac in writing within 31 days of the birth of your child, and Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due. Coverage will include any other dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental illness, developmental disability, mental retardation (as defined in the mental hygiene law), or physical handicap, and who became so incapacitated prior to age 26 and while covered under the policy. Dependent children are your natural children, stepchildren, or legally adopted children who are under age 26. A dependent child [including persons incapable of self-sustaining employment by reason of mental illness, developmental disability, mental retardation (as defined in the mental hygiene law), or physical handicap] must be under age 26 at the time of application to be eligible for coverage.

EFFECTIVE DATE: The date(s) that your coverage begins as shown in the Policy Schedule. The effective date of the policy is not the date you signed the application for coverage.

HOSPITAL CONFINEMENT: A stay of a covered person confined to a bed in a hospital as an inpatient for which a room charge is made. The hospital confinement must be on the advice of a physician and the result of a covered injury. Treatment or confinement in a U.S. government hospital does not require a charge for benefits to be payable.

INJURY: A bodily injury caused directly by an accident, independent of sickness, disease, bodily infirmity, or any other cause, occurring on or after the effective date of coverage and while coverage is in force. See the Limitations and Exclusions section for injuries not covered by the policy.

OTHER ACCIDENT: An accident that occurs on or after the effective date of coverage and while coverage is in force that is not classified as a common-carrier accident and that is not specifically excluded in the Limitations and Exclusions section.

SICKNESS: An illness, disease, infection, or any other abnormal physical condition, independent of injury, occurring on or after the effective date of coverage and while coverage is in force.
